

Your NEW Temporary TV Everywhere Account

In order to keep your TV Everywhere service active it is necessary that we provide you a temporary TV Everywhere account for you to use until you are converted over to our new Fision TV service.

What is TV Everywhere?

TV Everywhere allows our TV customers to enjoy live and OnDemand content from networks in their digital subscription both on the go and inside the home. You can use virtually any smart device capable of accessing the Internet and streaming video to enjoy TV Everywhere content.

What is changing?

If you use TV Everywhere, you must use the temporary TV Everywhere user name & password provided below. Your Fibrant username and password will be deactivated soon. Please begin using your new temporary login now.

NOTE: This username and password is only for TV Everywhere and CANNOT be used to log into your My Hotwire account online or any other Hotwire services. .

What is my temporary username and password?

Username: The FULL name as it appears on your Hotwire bill

Note: Do not count spaces or special characters (&, ' , - , `)

Password for your account: OrangeZebra321!

Example:

Example Username: johnqsample

After you are installed with your new Fision TV service your TV Everywhere access will change to match your Hotwire online account access. We apologize for this temporary inconvenience of having two different user names.
